

# Vertical Sliding Window

VS made to measure... Hassle free... Fitter friendly...

All our frames are manufactured in our own CNC driven production facility. The investment we are continually making into machinery enables us to provide perfect consistency and quality on all our products.... first time every time.

Strategically placed close to the motorway network in Bradford we use our own fleet of vehicles and can offer nationwide service.

We are currently working towards BSI registration, all our windows are manufactured under a quality management system designed to meet the requirements of BS EN ISO 9001-2000.

All our windows are supplied with energy efficient glass

Standard Features include:

White profile

Gold furniture

Colour coated frames to customer requirements

Factory glazed

Low E glass

Fully re-inforced

Ovolo design profiles

Tilt restrictors

**Spectus**
